

ZERO LIFT

ECO A ZL Series Scissor Lift Tables

ECO A ZL Series Lift Tables are designed so that containers, carts or pallets can be placed or removed, reducing down-time waiting for fork lifts. Capacities range from 2,000 to 6,000 lbs.

Selector Table for ZL Series Lifts.			Capacities 2,000 to 6,000 lbs				Optional Platform Sizes Available			
Model Number	Capacity (Pounds)	Platform Size (inches)	Over All Dimensions	Dimensions (Inches)	Lowered Height (Inches)	Travel (Inches)	Raised Height (Inches)	Up speeds (seconds) Note: speeds are approximate.	Motor Std. HP	Ship* Weight (pounds) Note: Ship weights are approximate.
