

Pallet Positioner

P3™ - Presto Pallet Positioner Load Leveler/Rotator

Model Number	Lift Capacity	Lowered Height	Raised Height	Turntable Diameter	Overall Base W / L	Shipping Weight
Pallet Positioner						
P3	4500 lbs	9-1/2"	30-1/2"	43-5/8"	36" x 48"	615 lbs

Load and unload pallets without stooping, stretching or walking

The P3 Presto Pallet Positioner automatically maintains pallets at a constant level and comfortable working height as layers of boxes are added or removed (see photos below). Leveling is accomplished by a heavy-duty, reinforced rubber airbag that once charged with shop air can handle loads up to 4,500 lbs. After airbag charging is complete the P3 can be disconnected and moved to any location in the plant. Because the P3 is pneumatic it can accommodate loads that vary substantially in weight (from 400 - 4,500) so one unit is versatile enough to work in several areas.

The P3 - Presto Pallet Positioner features a turntable top with full 360° rotation. Anti-friction bearings for easy turning allowing users to spin loads so they are always loading and unloading from the nearside without having to walk around the unit.

Complete the system with a Presto Stacker for easy feeding and off-loading of the P3.

Available P3 Options:

Plastic Cover: Keeps debris from falling through turntable

Rotator Ring Disc Cover

Solid Turntable Top: Accommodates small or odd size pallets:

Rectangular or Square Cover

Ring Lock

Bellows Guard:

Prevents debris from collecting under unit

Presto P3's improve productivity and worker comfort in a wide variety of applications including:

Printing & Publishing

Graphic Arts

Metalworking

Woodworking

Machine Feeding or Off-loading

Anywhere that pallet loads are built or broken down!
